A. C. Bailey has bought the interest of his partners in the Madisonville Messenger.

H. S. Irwin, who represented Louisville in Congress for the term beginning in 1901, died in Vienna, Va., this week, aged 71.

Indications are that Greece will join the allies in a few days.

Vernon Castle, one of the foremost exponents of the modern dance on the American stage, who went abroad several months ago to join the colors under the British flag, has been killed in action in France.

Hughes and Fairbanks are both campaigning in Maine. The state election comes off Tuesday.

The question now is how long will it take the Kaiser to see what all the world sees.

Harry Sommers evidently takes pleasure in Percy Haly's combination with the Republicans to beat the administration Democrats in appointing county election boards. And yet Harry has helped to write Democratic platforms.

The commission of seven bishops, seven pastors and seven laymen of the Protestant Episcopal church, Chicago, appointed to revise the ritual of the church, has determined to eliminate the word "obey" from the marriage ceremony.

SUCCESSFUL  
REVIVAL

More Than 225 Conversions Result From Meeting at Cadiz.

Cadiz, Ky., Sept. 6.—The great union revival, which has been in progress here for the past ten days and which was conducted by the Rev. Burke Culpepper, of Memphis, closed this afternoon at 4:30 o'clock.

As a result of this meeting here, over 225 persons were converted and will unite with the several churches of Cadiz and Trigg county. This has been the greatest revival ever held in Trigg county, not even excepting the great Sam Jones meeting held here twenty-two years ago. The collection for the Rev. Culpepper at this place amounted to \$750.

Nippon Seeks Indemnities, an Apology and Political Concessions From Clash.

## U. S. INTERESTS INVOLVED

Move to Extend Military Control Over Mongolia and South Manchuria Seen.

Washington, Sept. 6.—Sweeping demands far more drastic than any published summaries have indicated, are revealed in the secret terms being pressed on China by Japan as a result of the recent armed conflict between soldiers of the two nations at Cheng Chiatum, inner Mongolia. Private dispatches received here today reveal that Japan seeks indemnities, an apology and political concessions through the whole section of Inner Mongolia and south Manchuria.

## U. S. INTERESTS INVOLVED.

Secretary Lansing refused tonight to comment on the dispatches. It is known that steps will be taken by the state department to secure detailed reports. American interests seem at first glance to be more deeply involved than in any event in the far East since Japan's famous ultimatum to China of May, 1915.

FISCAL COURT  
HOLDS SESSION

Considerable Business Disposed of At Meeting Held Here Tuesday.

The regular monthly session of Fiscal Court was held Tuesday and considerable business was transacted. The sum of \$800 was appropriated, payable to the Associated Charities, covering the period from June 1, 1916 to June 1, 1917.

The court ratified and approved the action and order of the county engineer and division engineer of the State Department of Public Roads in the extension of the limits of the state aid work on the Princeton road, as per contract with C. D. McQueary with the county. It was further ordered that the road engineer be permitted to pay C. D. McQueary the retainage amounting to \$1,500, due upon this road.

It was ordered that the bridge on the Princeton road, near the Caldwell county line, be removed and put across Woosley creek on the same road, the county to build abutments and the citizens to do the necessary hauling.

George Norman was released from the future payment of poll tax.

General claims amounting to about \$350 and poorhouse claims, amounting to about \$40 were allowed.

Appropriation was made to pay the officers of election for holding the primary in August and numerous other orders were made by the court during the meeting of the magistrates.

## NOW AT LEXINGTON.

FOWL PLANT  
HARD AT IT

Chickens Being Slaughtered In The Fox Poultry Plant.

## 40,000 IN THE PENS NOW

Busiest Place In The City With Pay Roll of \$500 a Day.

The busiest place in town just now is the poultry packing plant of the Fox Bros. Co., where 40,000 young chickens are being put on the market. Their broiler season opened two weeks ago and after two weeks of milk feeding they have begun slaughtering the fowls for the eastern market. Coops in which the chicks are fattened are piled one above another in tiers, with feeding troughs, on long aisles. The fat chickens are removed from these coops and the coops filled with others from the pens. The pens in turn are filled from crates on cars waiting to be unloaded. The company now has 5,000 ready to pack, 25,000 awaiting slaughter and 10,000 not yet unloaded.

The chickens are bled to death without cutting off the heads or opening the carcasses. The feathers are removed, the heads wrapped in paper and after hanging in the cold storage room until ready for shipment they are packed in cars and sent east. The Fox brothers expect to handle 150,000 chicks within the next 60 days and then the season for old stock will open.

They now have 50 pickers and want 150 more. They pay 24 cents per fowl and many of the women make \$2 a day. Their pay roll in the busy season is \$500 a day.

They are already planning for an addition to double the capacity of the plant and expect to start work about Nov. 15th. It will fill the lot between the present building and First street.

## CITY SCHOOLS CROWDED

Two hundred six-year-olds entered the primary grades of the city schools this week and 108 freshmen entered the High school. When all are in, the white city schools will have at least 1200 pupils.

## COUNTER ATTACKS STOP

Fighting on Eastern Front Continues from Pripet Marsh to Carpathia.

London, Sept. 6.—Gradually all the lines of the entente allies are drawing more closely about Comblès and toward Peronne and farther and farther their wedges are being driven into the German lines both north and south of the river Somme. On a front of about 25 miles the French and British troops, supported powerfully by their enormous artillery arm, are steadily hammering the German positions and sustaining, unflinchingly, heavy counter attacks.

## BULGARS TAKE BRIDGE HEAD.

In Eastern Rumania the Germans and Bulgarians have captured the fortified bridgehead of Tutrakan and the Bulgarians the town of Dobric, while Petrograd reports the cutting down of a Bulgarian outpost by Russian cavalry in its first engagement with the invaders on Rumanian soil.

Near Ognott in Turkish Armenia violent fighting between Turks and Russians is taking place. Both Petrograd and Constantinople report successes here for their respective armies.

The Italians have taken several additional positions from the Austrians in the upper Bovi region of the Austro-Italian theater and repulsed violent Austrian counter-attacks.

## THOSE THAT HAVE-GET BY A-T-WESTON

SENATE PASSES  
REVENUE BILL

Gives President Authority to Take Drastic Retaliatory Steps.

## DIPLOMATS ARE ALARMED

Plan Outlined For Making England Remove Trade Embargo.

Washington, Sept. 6.—The administration emergency revenue bill, designed to raise \$250,000,000 annually from taxes on inheritances and war munitions and from increases in the income tax; creating a tariff commission; establishing a protective tariff on dyestuffs; providing for protection of American firms from "dumping" at the end of the war and giving the president authority to take drastic retaliatory steps against allied interference with American trade, was passed late tonight by the senate. The vote was 42 to 16.

## ALLIED DIPLOMATS ALARMED.

Drastic amendments to the revenue bill, striking at the allied blacklist and British interference with American mails, were adopted by the senate and created consternation among the diplomatic representatives of the allies.

In allied quarters it was declared that the enactment of the amendments into the law would constitute nothing less than a non-intercourse act, preliminary to a commercial warfare with possibilities of far-reaching consequences.

## TRADE REPRISALS AGREED UPON.

Amendments designed to provide means of retaliation against Great Britain for embargoes on American goods, the trade blacklist and interference with the mails, were agreed to without roll call.

Employment of the land and naval forces of the United States to enforce retaliatory measures and to prohibit importations of goods into the United States from nations which prohibit the importation into their own or into any other country, dependency or colony of any article the product of the soil or industry of the United States and not injurious to health or morals is provided in one of the amendments.

Inasmuch as the government has decided on a course of legislation to meet the restraints upon commerce with diplomatic correspondence has been unable to remove it is generally expected the amendments will be put through.

The administration leaders who have intimate connection with the government's foreign policy made no attempt to stay their adoption.

## WITHHOLD CLEARANCE FROM

An amendment to the revenue bill, authorizing the president during a war in which the United States is not engaged, to withhold clearance from all vessels which discriminate against American shippers; to withhold privileges from ships of such nations as withhold privileges accorded to other nations from American ships, and to use the army and navy, if necessary, to prevent departure of offending vessels from United States ports, was adopted today by the senate.

## VIA DIXIE BEE LINE

Run of 528 Miles In Thirty-Six Hours.

Robt. J. Fox, the youngest of the ten Fox brothers, a young man 20 years old, arrived Tuesday night and will be here awhile with his brothers Will and Frank Fox. The latter's brother-in-law, W. J. Mailhoit, came with him. They came through in a Cole 8 car, via Indianapolis and the Dixie Bee Line, a distance of 528 miles, without a puncture or mishap of any kind. They started at 10 a. m., Monday and arrived at 10 p. m., Tuesday.

HUGHES KNOCKS  
"QUICK" ACTION

Condemns Legislation in Advance of Investigation as Hit at Adamson Law.

## SPEAKS AT LEXINGTON

Says U. S. Has Gone Far Toward Day When Action Comes From Pressure.

Lexington, Ky., Sept. 6.—Charles E. Hughes addressing an audience that filled the auditorium here Tuesday condemned "legislation in advance of investigation" and declared that the United States "had gone very far toward the day when we shall have action under pressure, instead of in consideration of the facts." Mr. Hughes' declaration was loudly applauded. The nominee did not refer by name to the Adamson law but his remarks were interpreted by many in the audience as applying to it.

Among the political leaders that met Mr. Hughes was Leslie Coombs, former progressive national committeeman from Kentucky. Previous to the arrival of the republican presidential candidate, a meeting of former progressives was held at which resolutions giving all their support to Mr. Hughes, were passed.

REUNION OF THE  
RIVES FAMILY

Descendants of Mr. and Mrs. R. F. Rives Gather at The Family Homestead.

Wednesday of last week at the home of Mr. and Mrs. R. F. Rives there was held a reunion of eight children and 16 grand children. It was also attended by six of the eight wives and husbands of the children.

Those present were: Mr. and Mrs. Robert F. Rives, county. Mr. and Mrs. Frank Rives, city. Mrs. W. B. Kendall, Paris, Texas. Mr. and Mrs. Geo. P. Rives, county. Dr. and Mrs. J. L. Barker, "Pembroke." Mr. and Mrs. J. M. Rives, county. Mrs. John Helm, Terrell, Texas. Mr. and Mrs. J. L. Rives, county. Rev. W. B. Kendall and Mr. John Helm, the two sons-in-law in Texas, were the absentees.

The sixteen grand-children present brought the total number up to 32.

The day was celebrated with a big dinner spread in the spacious lawn under the trees. Photographs of the children and their parents were taken and also one of the entire party.

Mr. and Mrs. Rives are prominently connected with many of the county's best families. Mr. Rives has long been known as the "Wheat King of Christian county," by reason of the fact that he raised more wheat on his various farms than any man in the county, sometimes as high as 25,000 bushels. All of his sons are farmers, including Frank, a former State Senator, a lawyer of this city, who owns one or two farms. Another son, Geo. P. Rives, is a member of the Fiscal court. All of the sons are highly successful planters and among the county's most substantial citizens.

## DEMOCRATIC TICKET

For President.  
 WOODROW WILSON,  
 of New Jersey.

For Vice President.  
 THOS. R. MARSHALL,  
 of Indiana.

For Congress  
 D. H. KINCHELOE,  
 of Hopkins County.

For Circuit Judge  
 CHAS. H. BUSII,  
 of Christian County.

In territory which no republican  
 presidential nominee ever has visited  
 before Charles E. Hughes Monday  
 night at Nashville faced a tumultuous  
 audience in the auditorium. With  
 cheers for Woodrow Wilson ringing  
 again and again in his ears, heckled  
 by questioners and halted often by  
 democratic sympathizers, the nomi-  
 nee criticised the administration for  
 its policies, argued for a protective  
 tariff, and in a reference which the  
 audience took to apply to the enact-  
 ment of the Adamson bill, asserted  
 that he stood firmly for the arbitra-  
 tion of all industrial disputes. Dur-  
 ing the day he declined to make a  
 non-political speech to a labor meet-  
 ing.

Republicans, gathered in Lexington  
 to attend the Hughes rally Tuesday,  
 witnessed one of the most remarka-  
 ble demonstrations at the railroad  
 station where many thousands gath-  
 ered to greet President Wilson  
 Monday. Many of the Republicans  
 from Eastern Kentucky say their rail-  
 road fare was paid to get them to the  
 Hughes rally.

During the fighting at Verdun it  
 cost \$15,000 to take a man's life. In  
 other words it is found that for every  
 \$15,000 spent in shells, bombs, aerial  
 torpedoes, machine guns, rifle bullets,  
 etc., one man is killed.—Evansville

Baron von Schenk, chief director of  
 the German propaganda in Greece,  
 has been arrested and taken on board  
 a cruiser of the entente allies. Six-  
 teen additional warships of the en-  
 tente powers have arrived at Piraeus.

The allies are making gains on all  
 four fronts, not extensive but steady  
 and consistent advances. On the  
 western front 5,000 German prisoners  
 were taken in two days, while the  
 Russians took nearly 3,000.

CLASS FOR LADY RIDERS PRETTY  
 FEATURE OF COMING STATE FAIR

One of the prettiest and most pop-  
 ular horse show features of the entire  
 Kentucky State Fair celebration is the  
 class for lady riders. At the coming  
 Kentucky State Fair, to be held in  
 Louisville the week of September

11-16, some of the best horsewomen of  
 the country will figure. Above is pic-  
 tured Mrs. Hazel Ritchie Elbert, of  
 Chicago, Ill., who will be a "bright,  
 particular star" of this season's eque-  
 strienne galaxy.

WOMEN'S EXHIBIT  
 OF HANDIWORKForms A Leading Feature  
 of the State Fair

Along with the fruition of garden,  
 field and orchard there is growing to  
 perfection in the State of Kentucky  
 another crop of keen and vital interest  
 to womankind. This is the blossoming  
 harvest of handiwork which will form  
 one of the greatest exhibits of the  
 State Fair scheduled for the week of  
 September 11-16, in Louisville. Up to  
 Aug. 28, the final day for entry in the  
 Woman's Department, busy fingers  
 will be fashioning a bewildering  
 and entrancing list of useful, orna-  
 mental and artistic articles. For the  
 proper display and housing of the  
 myriad interesting and valuable en-  
 tries in these departments State Fair  
 Secretary W. J. Gooch has made elab-  
 orate improvements which will mate-  
 rially enhance the appearance of the  
 department as well as offer many addi-  
 tional conveniences to the officials in  
 charge. Of these departmental heads,  
 appointed by Hon. Mat S. Cohen, Mem-  
 ber in Charge, Mrs. Harry McCarty,

## SPECIAL SEASON BOOKS

The Kentucky State Fair manage-  
 ment has issued season books for the  
 fourteenth annual Kentucky State  
 Fair to be held in Louisville, Septem-  
 ber 11-16. There are both day and  
 night season books, the day season  
 books containing six admission tickets  
 for the sum of \$2. The night season  
 book, good for either the outside en-  
 trance gates to the Fair or to the  
 big Pavilion Hippodrome show, are  
 sold at the rate of six tickets for \$1.

Merchandise tickets are also being  
 distributed throughout the State by  
 wholesale dealers as trade inducements,  
 the tickets being placed with the  
 dealers on a consignment basis,  
 and the handlers will be held respon-  
 sible only for the tickets actually used  
 at the Fair gates.

Monday, September 11, will be ten-  
 cent bargain day for women and child-  
 ren, with a bargain-day price of 5c  
 to all the Great Dominion Show Mid-  
 way attractions.

Admission to the Grand Hippodrome  
 Show in the Pavilion at 7:15 p. m.,  
 will be 25c.

Cut rates have been announced by  
 all railroads leading into Louisville  
 during State Fair week.

exhibitors must list their names with  
 State Fair Secretary W. J. Gooch not  
 later than September 4, and exhibits  
 must reach the Fair Grounds not later  
 than September 9. Judging in the field  
 seed and grain department begins Mon-  
 day, September 11, at 11 o'clock.

## TOBACCO EXHIBIT AT STATE FAIR

One of the most interesting, vital  
 and important features of the coming  
 Kentucky State Fair, to be held in  
 Louisville, September 11-16, will be  
 the Tobacco exhibit. The prizes in  
 this particular department will number  
 61, divided among 23 classes for Bur-  
 ley type product, crop of 1915; Burley  
 type, crop of 1916; dark type, crop of  
 1915, and dark type, crop of 1916. As  
 tobacco is one of Kentucky's most  
 noted products this department should  
 claim the interest and pride of every  
 State Fair visitor. Evan S. Rees, of  
 Springfield, is superintendent of the  
 Department, entries for which will  
 close September 4, for county exhibits,  
 and September 6 for individual growers.

## Edison for Wilson

Thomas A. Edison, inventor, life-  
 long republican and a strong sup-  
 porter of Theodore Roosevelt's candi-  
 dacy for the republican nomination an-  
 nounces his intention to vote and  
 work for Woodrow Wilson. He dic-  
 tated the following statement:

"Not since 1840 has any campaign  
 made such a direct call on simon-pure  
 Americanism. The times are too se-  
 rious to talk or think in terms of re-  
 publicanism or democracy. Real  
 Americans must drop parties and get  
 down to big fundamental principles.

"More than any other president in  
 my memory Wilson has been faced  
 with a succession of tremendous prob-  
 lems, any one of which decided the  
 wrong way would have had disastrous  
 consequences. Wilson's decisions so  
 far have not got us into any serious  
 trouble, nor are they likely to.

"He has given us peace with hon-  
 or."  
 Concluding he says:

Carbons for lights and electro-chem-  
 ical purposes are being made from  
 tar by a new Swedish process.

The September Woman's  
 Home Companion.

The September Woman's Home  
 Companion makes the important an-  
 nouncement that beginning with the  
 October issue there will be a series of  
 full length novels will be published in  
 two installments. Some famous writ-  
 ers have already sold their work to  
 the magazine under this arrangement.

The September issue contains some  
 splendid articles as well as excellent  
 fiction. Among the articles are "The  
 Frank Story of a Fool," in which a  
 stock speculator makes a confession;  
 "The Stage-Struck Girl," an article  
 by William A. Page, which warns  
 girls against the stage; and "Making  
 Things to Sell," by Mary C. Mitchell.  
 Other features are "How Our Car  
 Saves us money," "Unique Wedding  
 Gifts," and "Of Interests to Shut-  
 Ins."

The fiction includes "The Voice of  
 the Clock," by Mary E. W. Freenan,  
 "The Perfect Lover," "Welcome to  
 Our City," and "The Mysterious M.  
 E." The serial by Margaret DeLand,  
 and the two-part story by Katharine  
 Holland Brown are also present.

Among the regular departments are  
 "Fashions," which is quite important  
 this month; "The Tower Room,"  
 "Better Babies," "Cooking," "Art and  
 Music," and "Better Films". There  
 are also things for younger readers.

The picture section contains some  
 interesting views of many things.

### CARE IN GATHERING APPLES

Fruit-Grower is Wise If He Conducts Harvesting of Crop So That No Injury Is Done.

The fruit-grower who has followed as carefully as he could the methods which modern experience has shown to be necessary to grow a crop of fine apples is wise above many of his neighbors. Having thus secured an abundant crop, he will show additional wisdom if he conducts the harvesting so that no injury comes to the fruit through carelessness or unwise methods.

Whether apples are to be used by the grower or are to be shipped to a more or less distant market, their condition when they reach the consumer will depend largely upon the degree

Apple Tree in Michigan Orchard.

of care with which they are handled between the time when they ripen upon the tree and the time when they reach the consumer. If there is any time in the growing and handling of the apple when extreme care will pay better in satisfaction and in dollars than it will in the hand picking of the fruit we have never discovered it. A break in the skin, or a bruise, although it may appear very slight and apparently insignificant, is detrimental to the keeping qualities.

Some varieties of apples bruise very easily, especially when they have reached a stage of ripeness suitable for harvesting.

### TO TRAIN BLACKBERRY CANE

Sometimes Desirable in Order to Facilitate Cultivation—Wire Trellis is Favored.

Blackberry roots live for many years, but the canes, with the exception of two varieties, bear only in their second year. After the fruiting season, therefore, they are cut out and burned. The one-year-old canes may usually be left to themselves throughout the winter. Not more than three or four new canes are left to each plant, however, and the others are thinned out at the same time as those which have fruited.

In some cases, it will also be desirable to train the plants in order to facilitate cultivation as well as to prevent damage by winter snows. A wire trellis may then become a profitable investment. The simplest form consists of a single wire attached to posts set at intervals of from 15 to 30 feet in each row of plants. The canes are tied to this wire about 2½ feet above the ground. Another method is to nail cross pieces to the posts and stretch two wires from the ends of these cross pieces, which form a support for the blackberry canes on each side.

### "DON'TS" FOR BEST SPRAYING

Results Need Not Be Expected If Work is Not Thoroughly Done—Marketing of Importance.

Don't expect results if the work is not thoroughly done.

Don't think a week earlier or later than the date recommended is just as good.

Don't overspray. A continuous even coating should be left on the fruit and foliage; any material which runs off does no good.

Don't think that lime-sulphur will control apple blotch as well as Bordeaux mixture.

Don't apply Bordeaux mixture during wet weather; it is liable to russet the fruit.

Don't try to get along with a machine which is worn out or too small to do good work; if the work is worth doing it is worth doing well.

Don't think that spraying will pay unless the fruit is well marketed; spraying is only part of the battle.

## CORNERSTONE 63 YEARS AGO

Mr. M. V. Owen One of The Few Spectators Now Living.

Mr. M. V. Owen is probably the only man living in Hopkinsville who saw the cornerstone of Bethel College laid in 1853. The stone was laid by Dr. Buck, a prominent Mason and Baptist of that day. The walls of the college are still in perfect condition. The great Ionic columns in front are one of the purest examples of Grecian architecture ever in Kentucky. Mr. Owen is now 81 years old. He was a boy of about 18 years of age at the time.

### Don't Neglect Your Gold.

Neglected colds get worse, instead of better. A stuffed head, a tight chest must be relieved at once. Dr. Bell's Pine-Tar-Honey is Nature's remedy. Honey and glycerine heal the irritated membrane, antiseptic tar loosens the phlegm, you breathe easier and your cold is broken up. Pleasant to take, Dr. Bell's Pine-Tar-Honey is an ideal remedy for children as well as grown-ups. At your Druggist, 25.—Advertisement.

### Coco-Cola Mayor.

Asa G. Chandler, brother of a Methodist Bishop and owner of Coca-Cola, was last week elected Mayor of Atlanta by a tremendous majority.

### Children Cry FOR FLETCHER'S CASTORIA

### Great Day Expected.

An attendance of 20,000 is expected by the Democrats for the State campaign opened at Winchester next Saturday, when Vice President Marshall will speak.

For years an almost unsalable product, New Zealand hemp, has leaped into popularity and is now a great industry.

**Same Old Story.**

Orville Hogan, age 21, near Oakland City, Ind., was accidentally shot and instantly killed by a shotgun in the hands of his 9-year-old brother, Denzi, Sunday morning. The child was playing with a gun, he didn't know was loaded.

**Peculiar Accident.**

A five-year-old child was playing in a buggy at Paris, Ky., when the top fell and broke his neck.

**2640 Miles of Trenches.**

By a stroke of the pen King Ferdinand, of Rumania has added nearly 900 miles to the fronts in Europe now defended by the Central Empires—500 in the west, 785 in the east, 315 facing the Italians, and 160 miles at Saloniki—making 1,750 miles. The 895 miles the King has added consist of the 520 miles of the Transylvanian Alps, the 75 miles bordering on Serbia, and 300 miles on Bulgaria. Available for the sefronts in trained men the Central Empires have 10,000,000 and the allies 23,300,000. To the latter the King of Rumania has just added 650,000 capable of being raised to 900,000.

**MAE MARSH AS FLORA CAMERON IN****"THE BIRTH OF A NATION."**

For the Hopkinsville engagement of commendation were written by Dr. H. L. McPherson, manager of the Tabernacle, has secured the same company that played "The Birth of a Nation" two weeks in Nashville last season, including a symphony orchestra of 25, and which goes direct from this city to Nashville for a return engagement at the Vendome theater for Tennessee State Fair week.

Performances will be given Friday and Saturday nights, Sept. 15 and 16, with a special Saturday matinee, and seats for the three performances will be on sale at the Anderson-Fowler Drug Company's store after next Tuesday morning. There will be no extra charge for seats purchased in advance.

When "The Birth of a Nation" was booked for the Columbia theatre, Columbia, South Carolina, last season, Lieutenant Governor Andrew J. Bethea wrote a letter of congratulation to the management:

"It was my privilege not long since in the city of New York to witness the marvelous and thrilling scenes in this splendid historical play," wrote the lieutenant governor. "It has a special interest and appeal for all Southerners of this generation. It is true to history and altogether it has an historical, educational and inspirational value which it is hard to estimate."

When the company played Spartanburg, S. C. last season strong letters

of commendation were written by Dr. D. D. Wallace, professor of history and economics at Wofford college, and Dr. J. A. Tillinghast, head of the department of history and economics at Converse College. Dr. Parkhurst, the eminent divine of New York, has also expressed himself in the same way.

## "See How That Corn Comes Clear Off!"

### "GETS-IT" Loosens Your Corns Right Off, It's the Modern Corn Wonder—Never Fails.

"It's hard to believe anything could act like that in getting a corn off. Why, I just lifted that corn right off with my finger nail. 'GETS-IT' is certainly wonderful!" Yes, "GETS-IT" is the most wonderful corn-cure ever known because you don't have to feel and butter around with your corns, harness them up with bandages or try to dig them out.

"GETS-IT" is a liquid. You put on a few drops in a few seconds. It dries: It's painless. Put your stocking on right over it. Put on your regular shoes. You won't limp or have a corn 'twist' in your face. The corn, callus or wart will loosen from your toe—off it comes. Glory hallelujah! "GETS-IT" is the biggest selling corn remedy in the world. When you try it, you know why.

"GETS-IT" is sold and recommended by druggists everywhere. 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Hopkinsville and recommended as the world's best corn remedy by L. L. Elgin.

## Stop The First Cold.

A cold does not get well, itself. The process of wearing out a cold wears you out, and your cough becomes serious if neglected. Hacking coughs drain the energy and sap the vitality. For 47 years the happy combination of soothing antiseptic balsams in Dr. King's New Discovery has healed coughs and relieved congestion. Young and old can testify to the effectiveness of Dr. King's New Discovery for coughs and colds. Buy a bottle today at your Druggist, 50c.—Advertisement.

## Kansas Woman Helpless.

Lawrence, Kas.—Mr. J. F. Stone, of this city, says, "My wife suffered for ten years from womanly troubles, during two years of which she was totally helpless. She was examined by many physicians, some of whom gave her up to die. Finally she began to take Cardui, and since then has greatly improved in health. The tonic, strengthening, and restorative effects of Cardui, the woman's tonic, on the womanly constitution, are the most valuable qualities of this popular medicine. ## Girl's Kisses 50c Each.

Dallas, Tex., Sept. 4.—A kiss is worth just twice as much to a man as it is to a woman. John F. Murphy, police judge, so ruled. He fined William Madden \$10, or 50c apiece, for kisses bestowed on his fiancée, Lucile Martin, and fined the girl \$5, or 25c apiece, for those she returned. Neighbors had complained of the ecstatic embraces and yum-yum googling of the young sweethearts.

## Feeding the Child.

Hunger is the best of all sauces for food, and the hungrier a child gets for its meals the more evidence there is of normal health. So forbid many between-meal bites for the youngsters who no longer need them—those who have passed the weakness of babyhood, when eating must be often to sustain strength. Supply sponge cakes more often than pound or fruit or spice cakes for the nursery table and allow candy, and that of a very simple sort, only after meals.

### Against Farmers For Violation of Tobacco Sale Contracts.

Tandy & Fairleigh Tobacco Co., have filed two suits, one against H. P. Lewis for \$130.65 and the other against W. W. Lewis & Son for \$215.70, alleging violation of contract. Plaintiff states that the defendant, H. P. Lewis, entered into a written contract about March 3, 1916, in which they agreed to purchase his entire crop of tobacco, grown in 1915, estimated at about 9,000 pounds, to be delivered to their factory in Hopkinsville on or before June 1, 1916. It is further alleged that only 4,645 pounds of the weed was delivered to them and that defendant failed and refused to deliver the remainder of his crop and that as a consequence they were damaged in the sum sued for.

Similar allegations are made against the other defendant, the petition stating that only 1810 pounds of tobacco was delivered, of a crop estimated at about 9,000 pounds.

The American Snuff Co., filed suit against W. E. Clark, for \$225, alleging breach of contract. Plaintiff states that they purchased about 10,000 pounds of tobacco from the defendant for delivery on or before May 1, 1916, and that only a part of this crop was delivered and that the failure and refusal of defendant to deliver the remainder caused them to be damaged to the extent of the above amount.

## No Birds to Be Worn on Hats

The laws of Kentucky has placed around its wild game and fowls a very strong protection in the way of laws. One passage in the new law cuts out the wearing of stuffed birds on hats, which custom has long prevailed with the gentler sex. The law covering this case is given in these words: "No person shall within the state of Kentucky kill, catch or have in his or her possession, living or dead, any wild bird, other than a game bird; or purchase, offer or expose for sale, transport or ship within or without the state, any such wild bird after it has been killed or caught. No part of the plumage, skin or body of any bird protected by this act, shall be sold or had possession." Game birds are designated as swans, ducks, geese, brant, river and sea ducks, woodcocks, curlews, wild turkeys, grouse, prairie chickens, pheasants, partridges and quails, and mourning doves.

Wallace, Va. — Mrs. Mary Vest, of this place, says, "I hadn't been very well for three years, and at last was taken bad. I could not stand on my feet, I had such pains. I ached all over. I felt like crying all the time. Mother insisted on my trying Cardui. Now I feel well, and do nearly all my housework." No medicine for weak and ailing women, has been so successful as Cardui. ## The Dead Sea.

We have heard of dead people, dead beasts, dead trees and dead flowers, but is there such a thing as a dead sea, and why do they call it dead? There is, and they call it dead because it receives all and gives nothing. This body of water—the most remarkable in the world—is at the southern end of the Jordan valley in Palestine. It is 47 miles long and 10 miles wide, 1,292 feet below the sea level and is one of the hottest regions on earth. It receives 5,000,000 tons of water daily into its bosom from the Jordan river, but gives none out to refresh and nourish the valley below, which has become an arid desert on account of close fistness of the sea. Its water is five times as salty as the water of the ocean, is bitter to the taste, oily to the touch and leaves a yellow stain. No fish live in the water, no flowers bloom or fruits grow on its shores, no birds sing in its neighborhood. Its barkless driftwood and shores are incrustured with salt. Its setting is a scene of desolation and gloom, looking as if the curse of God rested on the whole region.

## RUMANIA'S MADCAPPRINCESS

Gambling and Flirting Escapes Basis of More Than One Court Scandal.

Since King Ferdinand and Queen Marie were placed on the throne of Rumania in October, 1914, soon after the European war began, it generally has been predicted that eventually Rumania would join in the conflict on the side of the allies.

The late King Charles openly sympathized with Germany. He was a Hohenzollern. His nephew, Prince Ferdinand, shared his uncle's sympathies in the conflict, but the people of Rumania are almost unanimous in their sympathy for Russia, and in their hatred for Austria. Queen Marie is a niece of Edward VII of England, and a granddaughter of Alexander II of Russia.

### KING IS NOT POPULAR.

The King is not popular with his subjects. At the time of his accession to the throne it was felt that only by joining with the allies could he regain favor with the people.

The King is 51 years old, and the Queen is 40. They have five children; Crown Prince Charles, 20 years old; Prince Nicholas, Princess Elizabeth, 19; Princess Marie, 14, and Princess Heana, 5 years old.

The queen long has been a conspicuous figure in European royalty, and her inclination to flirtations has made her the inspiration of more than one court scandal. Her marriage to Prince Ferdinand was arranged purely for political reasons, and it has been court gossip, that though she finally came to love her husband, he did not love her.

### "So Soon Are We Forgot."

A warehouse is being built on an old graveyard in Lexington, abandoned 40 years ago. Three gold rings and an almost perfectly preserved silk shroud on the skeleton of a woman were unearthed Thursday by workmen while excavating.

A large batch of hair of a slightly yellow color was found, together with the rings and shroud. The cloth was preserved well enough to be torn.

For several days the workmen have been finding skulls and human bones in the old grave yard at that point, but Thursday was the first time any ornaments or clothing had been found.

Quartz glass, for which we were once dependent on Germany, is now made in this country. The sand of Nebraska is best suited for the purpose.

## RESOLUTIONS

Adopted At a Mass Meeting  
in Hopkinsville, Sept.  
4, 1916.

Whereas; Great Britain, by order in Council of Aug. 25th, placed an embargo upon all shipments of tobacco to Germany and Austria after Aug. 31st, thereby eliminating from competition two of our best customers for this product.

And Whereas; the tobacco growers of Christian county, through their merchant representatives in Hopkinsville, aware of the tremendous loss in price of tobacco that would result from this order, immediately instituted a movement and aroused the entire tobacco industry of Kentucky, Tennessee, Virginia, Maryland and other states in aid thereof, which had for its ultimate objective the lifting of this embargo, and secured their cooperation by joining our delegation to Washington on Monday, Aug. 28th, to protest against same.

And Whereas; upon the arrival of this delegation, every Senator and Congressman who had a constituent in these four states, notwithstanding the imminence of the great strike and of the close of the session of Congress, made our fight their fight and won for us success, by passing the James amendment to the Senate Revenue Bill, which provided that where any foreign country prohibits or interferes with the shipment of American products into their own country or own provinces or to any other country, that the President have authority to retaliate by prohibiting the importations from such foreign countries of such products as he sees fit.

Therefore, be it resolved, that we, the tobacco growers of Christian county and adjoining counties, and the business men of Hopkinsville, in convention assembled, realizing fully how great would have been our loss had this embargo held, and with a profound sense of obligation to those who extended us such timely aid, do

hereby express our heartfelt thanks and gratitude; first and especially to our Senator, Big Ollie James, who planned the entire movement and steered it through the breakers to a successful conclusion; to David H. Kincheloe, who was ever present, ever ready and always helpful in the fight; and, not least of all, to the venerable Senator Martin, of Virginia, who sprang the retaliation idea and who said, "Boys use this appropriation committee room until your fight is won;" to Congressmen Barkley, of Paducah; Flood, of Virginia; Byrns and Hull, of Tennessee; Senators Lea, Swanson, Beckham and Shields; to Mr. Letcher, the foreign trade adviser, and finally to Secretary of State Lansing, who assured us the tobacco growers' interest would be instantly healed of this present affliction and its health would be closely guarded while he remained in office.

Resolved, further, that the gentlemen named in these resolutions be furnished an engrossed copy of same; together with the principal newspapers in the five chiefly interested states—Kentucky, Virginia, Tennessee, Maryland, North Carolina and other tobacco producing states.

To Remove Mud Stains.  
All traces of mud can easily be removed from black clothes by rubbing the spots with a raw potato cut in halves.

## Will Not Show Here.

Sun Brothers' Circus, announced to exhibit here Sept. 21, have cancelled their contracts and will not show in Hopkinsville. It is stated that the license is more than they care to pay for exhibiting in the city and they do not care to show outside the city limits.

## Attention, Poultrymen! A 3-Year Egg-Laying Contest.

New Jersey has decided to have a unique contest for egg production. Farm and Fireside, in telling about it, says:

"New Jersey is planning for a new kind of egg-laying contest and will appropriate \$3,000 annually for the maintenance of the contest. The contest will begin November 1, 1916, and close October 31, 1919.

"In this three-year contest each entry will consist of a pen of ten pure-bred pullets and a cockerel. With the use of trap nests careful records of

the egg production of each female bird and of her progeny will be kept. From these records the investigators expect to be able to determine some of the important principles governing breeding and inheritance in poultry, particularly as they apply to egg production. Competition is open to all poultry raisers throughout the world. Besides Dr. J. G. Lipman, director of the New Jersey Experiment Station, and his poultry experimental workers, there will be an international advisory board of sixteen men prominent in poultry work, representing Canada, Connecticut, Maine, California and New Jersey."

## OLD SCHEDULE RESTORED.

Congressman Kincheloe, with his customary alertness, has had the old schedule restored on Gracey Route 3, by which the mail goes out in the morning instead of in the afternoon. The change was made some months ago by Congressman Barclay, whose district is touched by the route in Trigg county. Four-fifths of the patrons wanted the morning mail.

## Hit a Tree.

As a result of an automobile wreck Tuesday morning, Glen Dixon, 20, died in a Knoxville hospital at noon. Frank Mayo, 20, a passenger in the same machine, has a badly fractured skull and has never regained consciousness. Artie Covington and Mossie Amos, two mill girls, who were in the machine, escaped serious injury, although the Covington girl received a painful wound on her forehead.

## OPERATION TUESDAY.

## BEDEORD MYSTERY

Said To Be Solved, Throat Cut By Gang.

Fulton, Ky., Sept. 4.—The mystery of the disappearance of Samuel W. Bedford, prominent insurance man, has been solved. Bedford disappeared February 18 while on a trip to High Bridge. Five men are implicated in the murder. According to the principal witnesses, Bedford was murdered by bootleggers who were under the impression he was a United States marshal and was after them. His throat was cut and his body wrapped in a bundle of old sacks and placed in a pool room on the road near High Bridge. Bedford was formerly mayor of Fulton.
